

I am responding to the fact that I may soon be unable to listen to K-LOVE radio station 91.1. K-LOVE is an inspiration to me. I appreciate the non-offensive music played on KLOVE. The music is family-friendly and appropriate for all age groups. The radio station promotes a positive lifestyle and helping fellow citizens. I know that this radio station affects many people, not just me. It is important to keep K-LOVE radio on the air in my area as well as across the country. I want to thank you for your time and consideration of my comments.
